Pumpkin-chan

Pumpkin-chan Official Setting

+ Pumpkin-chan is an amazing magical Food Girl.
+ She may seem young, but she's really 300 years old and Warabi-chan's teacher.
+ Because she has lived so long and her methods are somewhat outdated, she tends to make a lot of mistakes; people are inclined to think she's a bit scatterbrained or even senile.
+ Certain things start to look cute as one gets older so she has a 200 year old hobby of collecting cute things.
